

ASHER MEHFOOZ

BS Data Science | Artificial Intelligence & Data Science, Generative AI, LLMs & Intelligent Systems Research, NLP
info.hasher@gmail.com | linkedin.com/in/ashir-mehfooz

RESEARCH INTERESTS

- Large language models and generative AI for real-world, production-grade applications
- Natural language processing, prompt engineering, and retrieval-augmented generation (RAG) systems
- Artificial intelligence in education, including intelligent tutoring systems for young learners
- Sentiment and social-media intelligence from large-scale, unstructured web data
- Applied machine learning and human AI interaction for scalable software systems

PUBLICATIONS & MANUSCRIPTS

- 1. **Mehfooz, A.** (2025). *A Multimodal AI-Driven Intelligent Tutoring System for Personalized Early Childhood Education*. Undergraduate thesis manuscript submitted for first editorial review.

EDUCATION

Bachelor of Science in Data Science

University of Kotli Azad Jammu and Kashmir, Pakistan

Oct 2021-Dec 2025

CGPA: 3.89/4.00 (Gold Medalist)

Thesis: Smart Animated Tutor for Kids Using 3D Animation and Generative AI

- Designed and deployed a web-based intelligent tutoring system for children aged 3-6, combining generative AI, text-to-speech, and 3D animated avatars to teach alphabets, numbers, colours, and shapes.
- Built a supporting AI poem generator, digital drawing canvas, and teacher dashboard for creating personalised avatars and managing learning content; addressed the challenge of making early-childhood learning content adaptive and engaging without requiring constant human supervision.

EDUCATIONAL CERTIFICATES & PROJECTS

- **Coursera Certifications (Google, DeepLearning.AI, IBM)**, 2022-2025: Google Data Analytics; Google AI Essentials; Generative AI: Introduction and Applications; Neural Networks and Deep Learning; Improving Deep Neural Networks: Hyperparameter Tuning; Machine Learning with Apache Spark; Introduction to Big Data with Hadoop and Spark; Generative AI: Prompt Engineering Basics. *Certificates: Google Drive link*
- **Smart Research Workshop, NCAI, NUST Islamabad** (2024), hands-on workshop on smart research practices and applications of AI in academic research.
- **Empowering Research with Artificial Intelligence, University of Kotli AJK** (2023), workshop on AI tools for literature review, data analysis, and research productivity.

CONFERENCES & ACADEMIC SEMINARS

- Invited Speaker, delivered a seminar on Literature Review methodology to the Department of Education, University of Kotli AJK [MAY/2026]; received commendation from the Head of Department for the quality and clarity of the session.

LEADERSHIP & SERVICE

Peer Academic Mentor & Resource Person

2021-2025

University of Kotli AJK Voluntary, unpaid mentoring of junior and senior students

- Voluntarily mentored junior students on Final Year Project (FYP) development and coursework assignments throughout the degree.
- Served as a resource person for senior students (cohort of 250+), training them on using AI tools for academic referencing and research practices.

Class Representative

2021-2025

University of Kotli AJK, Peer coordination for a class of 20 students

- Coordinated with classmates on assessment preparation and academic deadlines throughout the degree programme.

HONORS AND AWARDS

- Gold Medalist, Bachelor of Science in Data Science, University of Kotli AJK awarded for the highest academic standing in the graduating cohort.
- Prime Minister's Youth Laptop Scheme awarded in 2023 for high CGPA as a top academic achiever.
- Recognised for founding the university's first student-led startup registered under the Software Technology Park (SCO STP), selected on the basis of final-year-project merit and technical capability among all graduating students.

PROFESSIONAL SKILLS

AI & Machine Learning: LLMs, generative AI, RAG systems, prompt engineering, fine-tuning, NLP, deep learning, model evaluation
Programming & Frameworks: Python, R, SQL, JavaScript (React, Next.js), PyTorch, TensorFlow, Keras, Scikit-learn, FastAPI, Flask, LangChain
Data & Infrastructure: Tableau, Power BI, SPSS, Git, Docker, Linux, Azure AI, MongoDB, SQL, REST APIs
Soft Skills: Academic writing, research communication, project and team leadership, client management, mentoring

WORK EXPERIENCE

Robx.AI, AI Developer & Research Team Head Nov 2025- Present
Islamabad, Pakistan

- Lead the research and development of production LLM systems, including Pulisint (real-time sentiment analysis from live scraped data) and Humint (social-media intelligence via LLM pipelines and external API integration).
- Direct a small research team building teacher-facing AI tools for the I Am Scientist ed-tech platform, covering data pipelines, model integration, and deployment.

XactGen, Founder & CEO Sep 2025-Present
AI and Data Science Consultancy, registered under SCO STP — Kotli, AJK, Pakistan

- Founded and operate an AI/data-science consultancy, overseeing client acquisition and delivery, including a browser-based AI virtual try-on tool and many other projects delivered

Datix AI, Lead AI and Data Science Department Mar 2025-Apr 2026
Kotli, AJK, Pakistan

- Led department operations and end-to-end client delivery, from requirements gathering through deployment of dashboards, AI applications, database integration, and LLM pipelines.

Systems Limited. Intern, DevOps and Generative AI Jun 2025-Aug 2025
Islamabad, Pakistan

- Supported CI/CD pipelines and containerisation (Git, Docker) in a production environment, and contributed to generative-AI chatbot integration using Azure AI services.

LANGUAGES

Urdu, English
